Work-Linked Degree in Open & Distance Learning Mode

WHAT IS A WORK-LINKED DEGREE?

A work-linked degree program allows you to study while gaining real work experience at the same time. It combines classroom learning with hands-on job training, so you can develop the skills employers are looking for even before you graduate. Plus, you can earn a stipend while working, which means you'll get paid during your training!

This type of program helps you build practical skills and gives you a head start in finding a job after you finish your studies.

WHAT IS OPEN & DISTANCE LEARNING?
